Jaycees Solicit Fab Box Tops For Free Dolls

The Junior Chamber of Commerce is asking for box tops off FAB, a product of the Colgate-Palmolive Company, with which to get free dolls for distributions in their annual Christmas Toy program.

The Jaycees, who opened their Round up Saturday, recondition and repair old toys which are given by local towns people. With these, and new toys which the Jaycees purchase, several hundred children are given a Christmas stocking of gifts, who otherwise may not receive a visit from Santa Claus.

Free Dolls for Fab Tops.

The free dolls which the Jaycees receive from the FAB box tops, will be distributed with the other toys this Christmastime. Boxes will be left in the grocery stores, and other downtown places of business, and all persons, are asked to drop the box tops there. For each four regular box tops a $1.29 value doll will be given free. The dolls are seven and a half inches tall and beautifully dressed.

Downtown Collection Boxes.

Two box tops of the Giant size Fab, or one box top from the King Size Fab will be exchanged for free dolls. All orders must be in by December 1, so the Jaycees urge McKinney housewives to leave the Fab tops at the collection boxes at their grocery stores as soon a possible.

Last year over 700 underprivileged children in the vicinity of McKinney received Jaycee gifts. This year many more are expected to be given toys.

Lake Lavon Has Over 900,000 Visitors To Date

H. L. Holder, resident engineer at Lake Lavon, reports 900,000 persons had visited the lake from January 1, to October 17, this year.

Holder indicated that the engineers were expecting another 120,000 visitors btween now and December 31.

"This is already a tremendous increase over the estimated 520,000 who came to the lake in 1954," Holder pointed out.

Mrs. Ray Beggs, of Houston, spent the week-end with Mr. and Mrs. J. Ollie Smith.

Church Buildings To Replace OldLandmark In Farmersville

An old landmark in Farmersville is being torn down to make room for an addition to the Baptist Church in that East Collin town.

The building, known in East Collin as "the old Tatum place" was constructed in 1900 by the late Tom Tatum. Later it was willed to the Farmersville First Baptist Church by the late Charlie Tatum.

Planning to make repairs on the house recently, members of the church's real estate board discovered that the building was too far gone to make repairs practical. Wrecking crews moved in, demolished the old home and cleared the lot

Baptists begain an addition last week on the northwest corner of the auditorium. The addition will be a two-story building of four rooms. The four new classrooms, two upstairs and two downstairs, will accomodate 100 people.

Leinback Bro. of Dallas are archetects and Leslie Kimzey of Farmersville is builder. Construction will be of brick veneer.

A major building program will follow erection of the addition. Present plans call for a building of approximately 8000 square feet on the lot just south of the auditorium.

Serving on the building committee are Clifford Carpenter, Homer Ballew, Hugh Sellers and J. O. Stooksberry.

Lions Halloween Carnival Is Huge Success

Hundreds of visitors enjoyed the third annual Lions Club Carnival held here Monday night. A large percent of the visitors were in Halloween costume.

The members of the club and their wives, served as vendors in the various concessions stands, booths and sideshows. One of the attractions of the evening was the free drawing, held at intervals in which valuable merchandise from local stores, was given away. A costume contest for the kiddies, was also held.

Gala Entertainment.

A group of Boyd High School students, including the Combo, put on a continuous variety show—packing the house for each performance. The pony and airplane rides were popular with the wee folk, while the "Cake Walk", Spook Show, and other attractions entertained the adults. Homemade goodies including hotdogs, candy, cotton candy, candied apples and cold drinks were also sold.

Educational Booth.

The educational booth drew the praise of all who attended the carnival, where a film of the Crippled Children's Camp at Kerrville, as well as movies of the Lions International meeting, where shown continuously. Literature was also passed out.

Proceeds For Charity.

The profits from the carnival will be used by the Lions in their charitable projects, one of which is the camp at Kerrville. It is expected that this year's proceeds will exceed those of former years.

Jack Pratt, general chairman for the carnival, and President J. M. Whisenant, express their heartiest appreciation to all members for their cooperation and work to make the carnival a success, and to the many others for their various contributions of food, work or talent.

Collin Cotton Harvest Yields 40,873 Bales

The cotton harvest report for Collin County, recently released, showed 40,873 bales ginned in Collin County from this year's crop. The McKinney gins report 4,009 bales ginned to date.

The crop is practically all in, however there may slightly more than 100 bales yet to be ginned.

Mr. and Mrs. Arvil Beckham, and daughters, of Bryan, spent the week-end with her parents, Mr. and Mrs. M. B. Yarbrough and son, Bill, at Lebanon.

Tommy and Nancy Lynn Plumley, of Tyler, are visiting their grandparents, Mr. and Mrs. John Sears here this week.

District U. S. CC Manager Visits Local Directors

Leslie Flesner, of Houston, manager of the Southwest Division of the United States Chamber of Commerce, spoke to directors of the McKinney organization, at a called meeting held here Tuesday afternoon.

President W. T. (Bill) Dungan, conducted a brief business session during which time the Board voted for Manager Pat Simpson and secretary, Mrs. Clara Reddell, to attend a short course in Tyler on November 17 and 18.

National CC Services.

The speaker, who has appeared before the local directors, on previous occasions, reviewed the services of the National Chamber of Commerce with a local group and expressed a deire that the McKinney organization would become reaffiliated with the U. S. CC. McKinney was a member of the ational organiaztion, until 1952.

"Better Business Climate".

Mr. Flesner spoke of the local CC whose effort is to have a "better business limate for McKinney." He elaborated on the present business system of America and stated "if this business system in America is preserved, and economy continue to grow and expand, we will have a higher standard of living for all citizens." At this point he brought out the fact that there is no other group in the community more alert of the needs, or opportunities that exist, than the directors of our Chamber of Commerce. All membership dues received are spent for the benefit of every citizen in McKinney.

Interests Of City.

He stressed the fact that a Chamber of Commerce strives to build ber of business through a better city and used charts to emphasize how schools, hospitals, libraries, parks, home recreation, culture and roads are the chief interests of a beter city. Better business is built through industry, retail, wholesale service, agriculture and forestry.

Again the speaker elaborated on legislation and economic understanding using charts to show the percentage of people who have a misconception of the business system. He explained how Legislation ties in with local Chamber of Commerce. Some of the issues which face the Legislature when it reconvenes in 1956 include Federal aid to education, minimum wage, natural gas, power, public housing, taxes (budget), highways, Hoover Commission and Social Security.

The all important job of the directors, he pointed out, to strengthen the business conditions of McKinney is matter of coordination.

At the close of his talk, a brief question and answer period was held before the meeting adjourned.

Car Damaged In Wreck South Of McKinney

A wreck occurred on Highway 75, a half mile South of McKinney, at 1:45 a. m. Wednesday in which only one car was involved. Mrs. Hope Brown Cook, of Fort Worth, the driver, was uninjured but the damage to her car was estimated at $200.

Sheriff's Deputies Jim Hardin and Clarence Hundley investigated the accident. The deputies also reported an arrest made at Fairview, at 7 p. m. Tuesday evening for using abusive language.

W. E. Button, County Judge, presiding.
Glenn Baldwin, Commissioner, Prect. No. 1.
G. G. Bowen, Commissioner, Prect. No. 2.
O. H. Stroup, Commissioner, Prect. No. 3.
Major Neely, Commissioner, Prect. No. 4.

among other business coming before the Court was to pick out a location for the new County Hospital. In a special call meeting by the City-County Hospital Board of Governors dated Oct. 14, 1955, the following report was asked for. Mr. Christie asked for a report from the site committee, and J. W. Thompson, chairman of the Committee composed of J. W. Thompson, C. E. Melton, J. Lovejoy Comegys, and W. S. Nichols, reported for the committee in regard to favorable sites for the proposed New County Hospital. A copy of this report is as follows:

October 14th, 1955, Board of Governors, City-County Hospital Board, McKinney, Tex. Gentlemen: Your County Hospital Site Committee recommends the following sites in respect to the most favorable terrain, location, and seessability in the following order: Choice No. 1—Brown-Methodist College Acreage ($2,000.00 acres — $24,000.00) Aprox., Choice No. 2—Muse Acreage—11 acres on Morris St., Approx., $12,000, Price $1,000.00 per acre. Choice No. 3—Milstead land — across from V. A. Hospital, Price $1,000.00 per acre (10 acres). Choice No. 5—Tom Lane—Jim Dowell Land will donate 3 acres each—So. Kentucky St., So. of Park—Must purchase 4 more acres at $2,000.00 per acre or $8,000.00. Choice No. 4—Muse Land—10 acres of land between Church St. & Highway 75, So. and West of Woods Motel. $1,500 acres—$15,000.00. Respectfully submitted, Site Committee, City-County Hospital, Carl Melton, J. Wilbur Thompson, J. L. Comegys, W. S. Nichols.

Following the report and discussion, motion was made by G. C. Sheets, seconded by Homer Haggard, that a recommendation be made to the Commissioners' Court that Site No. 1 be purchased as the location for the proposed new County Hospital, at the price of two thousand dollars ($2,000.00) per acre. Motion voted upon and carried. Signed Charles M. Christie, Chairman, Board of Governors. Signed E. L. Kissinger, Secertary, Board of Governors. City-County Hospital, a petition as follows: The Honorable Commissioners' Court, County of Collin, McKinney, Texas. Gentlemen: We have been informed that the hospital Board of Governors has recommended twelve (12) acres of land, bordering on Highway 24 West, known as the old Brown Estate, as the first choice of proposed sites to locate the new County Hospital. We, the undersigned physicians, practicing in Collin County Texas, believe that this is the number one choice and recommend that the Court purchase said property. George W. Apple Jr., M. D. McKinney, Texas.

The State of Texas, Department of Health, Austin, Texas Submitted October 21, 1955, Honorable W. E. Button and The Commissioners' Court, Collin County, McKinney Texas. Project: Texas-146, Collin County Hospital, McKinney, Collin County, Texas. Dear Judge Button: The selection of a site for a hospital is worthy of careful consideration. When the hospital is to represent the large investment which you are making, conscientious consideration should be given to location and accessibility, nuisances in the vicinity, availability of public utilities at the site, topography and subsoil conditions, size of the site, and orientation of the building on the property. A final item to consider is the cost of the site.

Our Dr. T. E. Dodd has reported that he inspected 5 proposed sites for the location of the new hospital. He has discused the proposed site with the other members of our staff, and on the basis of his final report to me it is apparent that one of the sites has more advantages than the other sites. The local committee which worked on the task of selecting a site is to be commended since all of the sites have certain good features to recommend them.

It is the purpose of this letter to formally advise you that in the opinion of this office the site offering the most adventages is located on Highway 24 at Waddill Street. If for any reason the above tract of land cannot be purchased, the site offering the second most advantages would be the 11 acre tract just off Waddill Street near the above tract. Yours sincerely, Dean F. Winn, M. D. Director, Division of Hospital Services.

After discussing all the sites as presented above and taking into consideration the advantages and disadvantages of the above sites it is the consensus of the Court that we should go along with the recommendations of the site committee, the board of Governors of the City-County Hospital and the medical doctors of the county. It is the order of this Court that site No. 1 known as the Brown estate be designated as the site for the New County Hospital, being a 12 acre tract, at $2,000.00 per acre. Total cost $24,000.00. The above order having been read, was moved by Commissioner Baldwin seconded by Commissioner Stroup that the above order be passed. The question being called for, the following members of the Court voted yes, those voting no, NONE witness the signatures of the Commissioners' Court, Collin County, Texas, this the 25th day of October 1955.

W. E. Button, County Judge
Glenn Baldwin, Commissioner Prect. No. 1.
G. G. Bowen, Commissioner Prect. No. 2.
O. H. Stroup, Commissioner Prect. No. 3.

TOM and PETE — THE HOME TOWNERS — "THE GREEN LIGHTS ARE ON IN McKINNEY AND COLLIN COUNTY"

▶ A MILLION thanks to The Jewish War Veterans of America for their keen interest in The Veterans Hospital of McKinney. A resolution was passed at the National Convention that was held in Miami Beach, Florida, urging appropriations for making The Veterans Hospital in McKinney permanent. Your Home Towners personal friend, Hymie Greenspan, of Dallas, National Vice-Commander of this great organization, lead the way and is doing a great job for The Veterans of America in opposing the closing of the muchly needed Veterans Hospital. To you, Hymie, and the Jewish War Veterans of the United States of America we give our sincere thanks.

▼ ▼ ▼

▶ SPEAKING OF United Fund Drives, down in Navasota, Texas, which has a population of under 4,000 people and a quota of $12,500, they already have raised over $15,000 and more to come, according to a newspaper report from the Navasota Examiner. Of Course, every citizen in McKinney knows that a United Fund Drive is underway here and Your Home Towners feel that we will go over the top like our friends down Navasota Way—Yes, the American way, "Is The United Fund Way.' When you give once, you give for ten agencies.

▼ ▼ ▼

▶ THANKS TO the countless telephone calls received by Your Home Towners after the article in this column, regarding the Chapel that should be a part of the new County Hospital. We have been advised that it is under consideration—it is a must in Your Home Towners way of thinking.

▼ ▼ ▼

▶ TRAFFIC LAW enforcement in Garland is responsible for the remarkable traffic safety record hung up in that city, Frederic Cheim reports in his New Braunfels Zeitung-Chronicle:

Garland, which claims about 25,000 population, last week celebrated its 600th day without a traffic fatality.

The police in Garland watch you like a hawk and slap a ticket on everybody that infracts a traffic ordinance. That way, they hope to keep going a few years without a traffic death.

It must cost them a lot to hire the policemen. How do the taxpayers of Garland feel about it?

We will not undertake to speak for the taxpayers of Garland, but our guess is that the overwhelming majority of them think their traffic safety campaign is worth every cent it costs.

▼ ▼ ▼

▶ YOUR HOME Towners, in talking with some of our Ministers, suggested that in the new County Hospital, by all means, we should have a small Chapel. It can be only one room where people can go and ask for Divine Guidance in their hours of need. We understand that this important room is under consideration. It must become a reality. In Your Home Towners way of thinking we need the help of Almighty God, just as much as we need the gifted hands of a surgeon.

▼ ▼ ▼

▶ BILL WEST, Mayor, and Commissioners Roberts and James, along with their wives, have returned from Brownsville where they attended a meeting of the Texas League of Municipalities. In talking with Mayor West he stated that they had a beautiful Auditorium that could take care of hundred of people in Brownsville. See, Bill, that it what Your Home Towners have been talking about all the days, weeks, months and years. No doubt the Texas League would not have met in Brownsville unless "they had a meetin' place." We might have a few little conventions in Big McK., if we had a place to hold 'em. We have, Mayor Bill, if you and the Commissioners will have the forward look and transform the present NON-USUABLE COLISEUM INTO A USUABLE AUDITORIUM." McKinney businesses are having the forward look — WHY NOT THE CITY OF McKINNEY. It's later than you think Dear Mayor and Commissioners.

▼ ▼ ▼

▶ CONGRATULATIONS are in order to N. O. Wright, Superintendent of the Farmersville Public Schools, and his fine staff of teachers. Supt. Wright informs Your Home Towners that 55% of his teachers are on the payroll plan of buying savings bonds. No better way to save money and we are hoping that thousands of others will follow suit.

▼ ▼ ▼

▶ ACCORDING to Paul Hardin and Frank Smith Chairmen of the Greater McKinney United Fund drive, things are moving along very fine with prospects that we will make our goal of $23,840. The drive has just started and it is hoped that every business man and woman, and all employees will co-operate in this United effort. Actually you save money when you give the United way. 10 Agencies are involved.

LETTERS FROM . . .

THE PEOPLE

To My Friends, Tom and Pete Perkins:

"I call you my friends because you have always been for the right things — the best things for our City.

Now its that coliseum again. Anyone can see what it would be to McKinney and Collin County to have a nice, attractive meeting place for our fairs and conventions. I see in my daily paper you have been writing about it again. That's good. Keep the good work going and with our new mayor, he will be willing to do what he can.

As I have said before, it rained again during the Fair and would have done a lot of damage if someone had not been there to move things to higher grounds. I think it is an ideal place for the Textile department but should be made so the women wouldn't hesitate to bring their things, or hand work, and make it attractive and clean. Why can't McKinney have a nice clean, dry place to have our fairs. With our new mayor, it should be easy to get the job done before another fair convenes.

Denison Herald Says Let Vet Hospital Alone

(By FRED COHN In The Denison Herald)

Our friends and neighbors in McKinney are making a valient fight to retain the large Veterans Hospital in that city, and we believe that the people of North Texas and Denison should support their efforts. Denison has always been close to the McKinney project in many ways with our Red Cross Gray Ladies serving there for many years. The city has always cooperated whenever possible in helping to have disabled veterans up to Lake Texoma or in any other manner possible.

Besides the friendly feeling Denison has for the hospital and McKinney, though there are sound economic reasons for opposing the removal of the large facility to Dallas. The Hospital in McKinney represents a very large investment, and it is our understanding that it has been operated very economically at a cost substantially under the average for veterans hospitals in the state, including Lisbon Hospital in Dallas.

Built of tile and brick and not very old, this layout represents a most sizeable investment by our government.

In addition, to the financial angle, however, there are other facts that certainly should be considered. It is our understanding that this hospital hasn't been able to take care of the demands for its services. However, it has a better record than the comparable facilities in Dallas Lisbon Hospital. The McKinney hospital has been able to accommodate approximately 75 per cent of applicants for admission while Lisbon has been able to take take care of only about half.

There has been some talk of the need for getting the hospital closer to the Southwest Medical Center in Dallas. It should be pointed out that now it is only 30 miles away. With the new Central expressway to be built to McKinney, it will be only a matter of a few more minutes, which should make very little difference.

Besides the advantages stated above in keeping the hospital at McKinney there is a very important point that probably is being overlooked. That is the advantage of having a large facility like this located in a small city. Besides having a cheaper operating cost, the patients, their families and the hospital staff prefer a small city location.

In McKinney this hospital facility means something — the citizens of McKinney appreciate it and are willing to do everything they can to help out in every manner possible. In Big Dallas, the hospital would be just another asset among the huge number that city is amassing, many times at the expense of its smaller neighborhood cities.

As in all things of public nature the people will have a good deal to say about this matter. We hope that the people of Denison will join in with their McKinney neighbors in opposing this move and let their opposition be known to their congressman and our U. S. Senators. — DENISON HERALD.

Firemen Appreciate Recent Check From Judge And Mrs. Dowdy

The McKinney Fire Department is in recipt of a check from Judge and Mrs. W. C. Dowdy, for services rendered at the Dowdy farm recently. The firemen greately appreciate the nice gift.

Dell Boren, who recently underwent an operation in the City-County Hospital, has been removed to his home. His friends will be pleased to learn that he is improving nicely.

Hundreds Visit Telephone Open House This Week

Hundreds of McKinney and Collin County visitors, including students from the local schools, visited the Southwestern Bell Telephone Exchange building here during the three-day open house which came to a successful close Friday evening.

Manager Jack Valentine, assisted by employes of the company, graciously received the visitors, escorting them through the modern plant, and conducting interesting demonstrations.

◆ ◆ ◆

Flowers Throughout

Throughout the big building were arrangements of flowers, which enhanced the attractiveness of the modern, new exchange. The open house was an occasion for patrons of the company to get a "behind-the-scene view" of the telephone system while in operation.

As an added feature of the open house, every 100th visitor was given a free long distance call to any place within the United States. These calls were placed as a demonstration to show the quick service offered in putting through calls to distant points.

◆ ◆ ◆

Many Exhibits.

Two of the exhibits, or demonstrations, were arranged in the main office the first of which was a "Tick-Tack-toe" game to match wits with the visitors. This was a demonstration of the relays in operation. Another exhibit permitted the guests to test their voices and then hear them repeated back.

The beautiful lounge, equipped with kitchenette, was viewed with added interest.

◆ ◆ ◆

Types Of Tubes Used

An exhibit of some of the types of tubes used in the system, were displayed and explained by Manager Valentine. A demonstration of the new Bell Solar battery, its functions and value especially during rainy weather, was given by one of the young ladies of the company.

The switch board, always a focal point in any telephone office was explained, including the operation of long distance service.

The cable-splicing demonstration also held the interest of the viewers as the huge water-cooled vacuum tube, and the hundreds of wires within it, were explained.

◆ ◆ ◆

Dial Tones Explained.

The dial tones, and the methods of locating "trouble on the line" were also part of the plant tour, with the workmen in charge of these different divisions, showing this operation. The many wires, bells, and other of the intricate machinery are handled by skilled men, who through years of experience, have their jobs down to perfection.

The tour came to an interesting climax with the demonstration of the miniature microwave radio relay towers, which carry television programs as well as hundreds of telephone calls, at the same time.

◆ ◆ ◆

Employes Receive Guests.

The employes assisting as hostesses and hosts for the demonstrations, or in welcoming the guests, are as follows:

Mrs. Eva Ellis, Mrs. Maxine Moore, Mrs. Joyce Alexander, Mrs. Evelyn Coffey, Mrs. Loretta Garrett, Mrs. Ruth Hayes, Miss Edna McWhirter, R. D. Carrell, Claud Robison, Homer Pritchard, A. E. Cain, Guy Fuquay, Doyle White, Glendol Lightfoot, Jason Spain.

Mrs. Grace Wilson, chief operator; Don Bell, wire chief; Dave West, construction foreman; Earl Adkins, spicing foreman; Mrs. Eva Blanche Karnaghan, evening chief operator and Manager Valentine. The other employes of the company are: Mrs. Avo Click, Ruth Sluder, Mrs. Annie Mae Walker, Mrs. Mildred Maxine Belew, Mrs. Louise Byrd, Mrs. Lora Cantwell, Mrs. Juanita Clark, Miss Eloise Combest, Mrs. Hattie Mae Dale, Mrs. Mamie Field, Mrs. Evelyn Hammonds, Mrs. Jewel Mae Head.

Murdock Cooper Is Elected Officer Of Hospital Club

Murdock Cooper, who is attending Northwestern University, at Chicago, where he is studying hospital administration, was recently elected vice president of the Hospital Club there. The first meeting of the club was held October 14 in the North Side Veteran's Research Hospital, Chicago.

Cooper, son of Mr. and Mrs. C. M. Cooper, Sr., of McKinney, entered the University in September. Prior to that he was owner of Cooper's 5 cent to $1 store in McKinney, which has just recently been sold.

Murdock, reared in McKinney, has been active in church and business life of McKiney for several years. Last year he was presidet of the Lions Club, and for many years has been a Boy Scout leader here. His wife is a member of the faculty of the McKinney public school faculty and his son, C. M. Cooper III, is a senior in Boyd High.

This fine young man, who is now preparing for work in hospital adminstration, has gained much popularity in the University, as well as attested to by his reietaoin will be attested to by his recent election to one of the officers of the Hospital Club there.

Mr. and Mrs. Bryan Brown, of Healdsburg, Calif., who have been visiting relatives here for several days, left Friday. They also visited their son, Bryan Brown III at Cambridge University. Mr. Brown is a brother to John and Lewis Brown and Mrs. W. M. Benton Sr., Mrs. W. A. Kerby and Miss Ada Brown of this city.

Quinn Allen, of this city, who is employed at the Fairfax Bakery, in Dallas, suffered a painful accident recently, when his finger became entangled in a machine at the plant. The finger had to be partially amputated. Quinn's friends will be pleased to learn that he is getting along nicely.

Seventh Graders Beat Valley View 27-13

By NORMAN SCOTT

Coach Barney Newton's McKinney Seventh Graders defeated the Valley View Seventh Grade eveven 27-13 at Valley View Tuesday night in an interesting tilt.

After being outplayed in the first period, the local lads took charge and held the Valley View crew to only two first downs in the last 3 quarters.

The Cooke County eleven opened the scoring early in the first quarter on a 15-yard pass play and the locals bounced back after taking the ensuing kick-off to take the lead on 48-yard touchdowa aerial from Donald Hanna to Mike Justice and then coverting.

Valley View resumed the lead after receiving the next kickoff. Featuring a 55 yard run on a reverse to the McKinney 10, and a skirt around left end for the fiant 10 steps, they took a 13-7 lead after adding the extra point.

The locals again bounced back after Mike Justice had returned the kick-off to the Valley View 41. They moved to the 10, and then Hanna again hit Justice with a pass for their second 6-pointer. The try for point after failed and the half ended with the two clubs deadlocked 13-13.

Valley View fumbled on their first series after taking the second half kick-off with the local eleven taking over on the Valley View 41.

From the 41, McKinney moved to the untrying touchdown featured by a 11 yard run by Justice, a 15 yard pass from Hanna to Harold Burke completion for 17 yards and the marker. Larry Whitaker carried over for the extra point giving the local team a 20-13 margin.

In the final stanza, McKinney gained possession of the pigskin on their 46 with about 3minutes remaining and tallied their final touchdown of the night. Claude Frazier, on a reverse, went around right end for 34 to the Valley View 20 and then Bill Evans on two successive bruising drives of 10 yards each, went over the double stripe. Hanna passed to Burke for the extra point.

Coach Newton used every player on his squad and the youngsters looked impressive.

McKinney had 12 first downs on 100 yards rushing and 130 yards passing on 8 completions in 10 attempts while Valley View accounted for 6 first downs on 130 yards rushing and 15 yards in the air on 1 completion in 9 attempts.

Junior High Blanks Sherman By Score 37-0

By NORMAN SCOTT

Coach Scott Johnson's McKinney Junior High rolled to their seventh straight triumph as they crushed Sherman Junior High 37-9 at Bearcat Stadium in Sherman Tuesday night.

The McKinney eleven, who is undefeated and untied, turned in another impressive performance as they defeated the Sherman crew for the second time this season. The locals blanked the Kittens 14-0 earlier in the season at McKinney.

Quarterback Jerry Kruse and halfback Tommy Crutcher accounted for two touchdowns apiece, while fullback Robert Gracy and end Buddy Odle marked up the other two 6-pointers. Gracy also added the lone extra point of the night.

McKinney hald a 12-0 lead at intermission, and increased the margin to 31-0 at the end of the third period. They chalked up another marker in the final period to end the scoring for the night.

Paul Wayne Odle, Don Allen, Buddy Odle, James Johnson, Jerry Kruse, Robert Gracy, Tommy Crutcher, Clifford Dickerson, Roy Smith, Jackie Willbanks, Eugene Parker, Robert Graves, Billy Crowder, Billy Smith, Butch McCrary, Steve White, Richard Turner, Edward Russell, Philip Carter, Glen Coleman, Ben Pior, and a newcomer to the squad, McAdams combined to outclass the Sherman lads.

Sherman And G'Ville Ahead In 3-AAA

DENISON, Texas — Gainesville has the toughest task in the spirited District 3-AAA race this week when the Leopards host a vengeful Greenville eleven that bowed 12-7 to Sherman Friday in a gruelling contest.

Greenville must win Friday or be knocked out of the district race. The Lions spotted Sherman a touchdown and then came back to take a 7-6 lead only to bow in the final minutes to an aerial blitz.

Gainesville, meanwhile, kept pace with Sherman by knocking over Paris for its third straight victory. The Leopards ran to a 20-7 lead and held on to win 20-14.

Sherman and Gainesville each have three straight victories and Sherman has the best chance to keep its streak when they tackle winless McKinney Friday.

Denison draws Paris in the Jackets bid to stay alive. Paris bowed to Sherman by a single point, 20-19, and to Gainesville by a touchdown, and are out of the district race.

Individually, Paris' Jackson is in front with 60 points, trailed by Gainesville's Holt with 54. Bobby Graves of Greenville has 42 and Richard Hackler of Gainesville has pushed his point total to 38 points.

Pirates Stop Allen In Scrap For 3rd Place

The never-say-die Collinsville Pirates scored in the final three minutes of play to capture a thrilling 22-18 triumph over defending District 14 six-man champ Allen Thursday night in Allen. The victory shoved the scrappy Pirates into third place behind Celina and Caddo Mills.

Trailing 18-14 the Pirates struck unexpectedly in the fading minutes on a long run.

With the ball on their own 30, back Wade Williams took a pitchout, and behind a wave of blockers burst into the clear and raced the remaining distance on the 80-yard long six-man field.

Bill Light, whose toe provided the margin, dropped kicked the extra point to windup the scoring.

The game was a rock-and-scok defensive battle in the first period, before Allen took comand in the second to roll up two touchdowns. Stratton picked up the first on a 20-yard gallop around end, second on a 8-yard cutback inside of end.

Collinsville utilized the long gainer for their first score as Williams took the kickoff following the second Allen TD and raced 75 yards through a broken field. Light failed on that conversion attempt and the score was 12-6 at intermission.

The Pirates picked up steam in the third as they gained the lead when fullback Louis McCorkle banked over from the seven and Light added the extra point.

Collinsville missed a chance to increase their margin when a 30-yard scoring sprin by halfback Charles Stevenson was rubbed out because of a clipping penalty.

Allen scored on a freak play in the fourth quarter to take the lead A Collinsville punt into the stiff wind was picked up by Lanier on the Pirate 15 and he raced into the end zone. Pirate players thought the ball had been killed and were taken by surprise by the return.

The tally set the stage for William's late gallop.

Williams and McCorkle were standouts offensively for the triumphant Pirates, while McCorkle and Light were the leaders in the Collinsville defense.

Allen had the edge on the Pirates in statistics as they rolled to 9 first downs to 6. Five of them came in the first half, while in the second half both clubs picked up four.

Mr. and Mrs. Bull Shields visited Mr. and Mrs. Earl Hamby of Birmington, Okla. They also visited her mother, Mrs. W. J. Williams at Durant, Okla.

Mr. and Mrs. Bill Landers attended the SMU-Texas game in Dallas, Saturday afternoon.

Cougar Game With Sherman May Decide Title

Coach Rusty Talbot's McKinney High School Cougars will play the Sherman Freshmen here Thursday evening at Newsome Stadium. Considerable interest is being shown in the game in that both teams are undefeated and the winner will decide the title for the Freshmen Conference.

The profits from the game will be used to purchase leather jackets for the Cougars, and it is expected that a large crowd will go out to see them play.

Admission to the game is 50 cents for adults and 25 cents for students.

Frisco Runs Over Princeton By Score 62-0

The Princeton Panthers got buried under a 62-0 score by the hard running Frisco Coons in a game played at Princeton Friday night.

Frisco scored twice in the first period on a 1-yard run by Milton Whitsell and Charles Curtsinger's 65-yard punt return. George Mays kicked both extra points and also added a safety when he tackled Harold Campbell in the Princeton end zone.

Frisco added two more scores in the second period on runs of 55 yards by Willie Reynolds, and 5 yards by Clinton Lunsford. Mays added another extra point.

In the third period, Frisco scored on runs of 15 yards by Curtsinger, 21 yards by Bobby Alexander, and 1 yard by Bobby Alexander. Clinton Lunsford added an extra point.

Never letting up, Frisco's Mays passed to Alexander for a 45-yard scoring play in the fourth quarter, scored again on an 11-yard run, and kicked both extra points.

District 14-A Reorganized For Next Year

A Shakeup of schoolboy football districts for next year has put Farmersville in District 14-A.

Coaches Raymond P. Bennett, Don Emery, school superintendent N. O. Wright, E. E. Marshall and Burton Fielder attended a meeting at Washington Hotel in Greenville. Purpose of the meeting was to organize the newly formed district 14-A.

C. E. Keevert, superintendent of Rockwall schools, was named president of the district. Bill Wood, Rockwall principal, is secretary of the group.

In addition to Farmersville and Rockwall, the new district will include Plano, Emory, Cooper and Honey Grove.

Representatives from each school in the new district were present to shape regulations. Among rules agreed upon are the following:

Advance ticket sales will be 30 and 75 cents, while gate sales will be 50 cents and $1.00. The home school will furnish the advance sales tickets to the visiting school.

A winner will be declared at the end of each game. In case of a tie penetrations will be counted, then first downs, then a coin tossed to decide winners.

In case of a three-way tie for district, a coin will be flipped.

SFOA officials will be used — three per game or by comon consent four officials may be used. Both coaches must agree on officials.

There will be no Thursday night district games.

Gate receipts will be divided 50-50 after a deduction of $75 for home field expense.

All games will be played at 8 p. m. unless announced otherwise by mutual agreement.

Football practice will begin Aug. 20 and first game will be Sept. 7, 1956.

Alligators cannot swallow unless completely submereged.

Plano Claws Forney By Score Of 33-0

The Plano Wildcats clawed the visiting Forney Jackrabbits, 33-0, in a District 12-A game played at Plano Friday night.

After a scoreless first period, the Wildcats began romping for touchdowns with Quarterback Don Gunn going over from the Forney 1-yard line for the first tally in the second quarter.

In the same period Fullback Jim Gordon crashed over from the 3 for the second Wildcat touchdown. Richard Sartin, Plano tackle, kicked both extra points to let the Wildcats lead at halftime, 14-0.

In the third period Gunn passed to Halfback Tom Shields for 52 yards and the third touchdown. Also in the same period, Gunn passed to Lewis Allman, for 15 yards and a tally. Sartin's try both times for the extra point failed.

Plano scored its final touchdown in the final period when Halfback Jerry Burch went off tackle 15 yards to score. Allman then kicked the extra point.

Coyotes Defeal Leonard By 20 To 6 Score

The Leonard Tigers were defeated 20 to 6 Friday night at Anna, for their first loss in district play They are now in a second-place tie with Celeste.

Leonard withstood an early threat set up by a 50-yard jaunt by Cravens of Anna and bounced back for a score of their own in the second stanza.

The Tigers moved 65 yards overland to the one yard line where halfback Billy Womack drove into the end zone. Pee Wee Partridge contributed seven neat gains to the march.

In the third period the Coyotes moved into the driver's seat, taking complete charge of matters.

Johnny Mac Bell leading loop scorer, tallied early in the period when he slashed over from eight steps out. He banged across for the extra point to give the Coyotes a lead they never lost.

The Coyotes added two more in the fourth. A recovered fumble on the Tiger 30 opened the door for the first, when halfback Jerry Wynn banging over from the two.

Bell demonstrated his broken field abilities for the second as he scampered 65 yards and then added the one-pointer.

Offensively Bell, Cravens and quarterback Bill Drury were outstanding for the winners, while Womack and Schaffer were impressive for Leonard.

Defensively Leon O'Neal, who returned to the lineup after being out with an inpury, proved to be a tower of strength in the Coyote line, while guard Jack Sheridan paced the Tiger forwards.

Bonham Beats Seventh Graders By Score 27-7

By NORMAN SCOTT

The McKinney Seventh Grade eleven dropped a 27-7 decision to the Bonham Seventh-Eighth Grade team at Bonham Tuesday night.

Although out-manned and outweighted by the combination of seventh and eighth graders employed by the Bonham coach, Coach Barney Newton's lads gave a good account of themselves.

At the intermission, Bonham held a 7-0 lead and increased their margin to 14-0 at the end of the third quarter.

Trailing 21-0 early in the final period, the locals broke into the scoring column when fullback Evans scampered around left end down the West sidelines for 38-yards and a touchdown. Donald Hanna passed to Harold Burke for the extra point.

The next time that McKinney took possession of the pigskin around the midfield marker, they were on their way to an apparent score when the Bonham defensive left halfback pilfered the football from the arms of Burke, after he had taken a aerial on the Bonham 5-yard line, and galloped the 95 yards untouched for Bonham's final touchdown.

McKinney accounted for 6 first downs on 86 yards rushing 52 yards in the air on 4 completions in 10 attempts, while Bonham showed 143 yards on the ground and 31 yards passing on 1 completion in 4 attempts for 11 first downs.

Cougars Trim Sulphur Springs By Score 20-7

By FRED DICKINSON

The McKinney Cougars, ninth grade football team met and overcame their most formidable opposition of the year, the Sulphur Springs Kittens, at Sulphur Springs, Thursday night by a 20-7 score.

The Cougars hung on to the ball well matched clubs both of whom better than their opponents in a slam bang game between two big, well matched clubs both of whom had fine power running games.

Sulphur Springs, jarred by some hard tackling by the Blue and Gold chargers of Coach Rusty Talbot, fumbled the ball ten times. Most of the way they recovered, but they lost it twice within the Cougars' ten-yard line.

The Cougars scored first early in the second quarter when John Cook, the big fullback, fought his way around left end for 19 yards on a reverse play that fooled the big Sulphur Springs line just long enough to get him some running room. C. W. Williams plunged over right tackle for the extra point.

The McKinney lads got their second score early in the third when Williams broke through a nice hole at right tackle on a hand-off from little Denny Horn, the Cougars' quarterback. Williams dodged the linebackers and outlegged the Kitten defense for 27 yards and the score.

The Kittens, coached by Cecil Tucker and Burford Scott, had threatened to score in the early moments when they blocked a punt deep in Cougar territory, only to lose the ball on a fumble. They had another score called back on a 50-yard gallop by Jerry Moss when one of their linemen was offside. On a third quarterdrive they got lost when the center threw the ball completely over the tailback's head for a long loss.

But, early in the fourth quarter they got back into the ball game despite another glaring error, Moss a chunky fullback with a keen sense of balance and flashing speed led in a long drive that carried to the Cougar 4. There the hard charging gold forward wall knocked Jerry Hicks loose from the ball, and a Cougar lineman recovered. The Cougars seemed about to get out of the hole when Charles McEntire and Williams, the "one-two" punch in a hard running backfield picked up 16 yards in two tries. However, a holding penalty set them back to the 1and Allen Payne who played a fine game at tackle for the losers, broke through and blocked McEntire's punt for a touchdown. Hicks added the extra point, and the Kitten steamroller seemed about to get going finally.

On the next series of downs, the Cougars couldn't gain and McEntire lofted a long 50-yard punt to the Kitten 5 where Moss gathered it in and returned to the 30. The Kittens, who had been using a single wing offense as well as the "T" seemed to have their wing offense clicking, but the Cougar line led by John Cook, the big fullback-tackle, who had been out most of the game with an injury really braced. Cook snagged Hicks for a 1-yard gain and Johnny Brockman, a powerhouse at guard, rocked Moss down with a flat nothing on his favorite end sweep behind massed interference. Cook held Moss to 5 on a tackle smash, and the Cougar fans breather easier. Moss kicked out of bounds for only 15 yards but the McKinney lads were guilty of clipping and were set back to their own 45. An offside penalty set the Gold warriors back to their 42 and they faced the dismal prospect of 21 yards to go. At this juncture they seemed to take new life as McEntire sprinted through right tackle for 7 and then enluded the Kitten right end and lurched down the sidelines for 15 more to the Sulphur Springs 36. That run, a desperation drive that carried two men for the last five yards, brought a first down and guaranted the Cougars they could run out the clock.

Williams then swung around right end and passed out two more free rides as he charged for 26 down to the Sulphur Springs 10. He got 4 at left tackle and then McEntire blaster through the middle for the final score.

McEntire drove right back through the middle for the extra point to wrap up the scoring for the night.

This was a bitter, hard ball game that found both sides guilty of numerous offside and backfield in motion penalties. Sulphur Springs flashed a big, hard hitting line and a smashing offense from the wing formation, but they had trouble centering the ball and hanging on to it at crucial moments. The Cougars had the power when the time came to turn it on, and they didn't fumble when it hurt.

As usual the McKinney lads practically disdained the passing game sticking to the ground exclusively. Sulphur Springs tried a few passes that didn't work.

It was the toughest test so far, this season, and the Cougar youngsters who have never tasted defeat in their long career together were equal to the occasion.

Celina Romps Over Prosper By Score 42-0

With powerful 190-pound fullback Ray Pinion leading the way, Celina thrilled an enthusiastic Homecoming crowd of over 500 Thursday night in Celina as the Bobcats romped to a 42-0 win over Prosper.

It was the sixth straight win for the Bobcats and left the District 14 six-an grid title riding on their clash with unbeaten Caddo Mills next Friday in Celina.

After Penion's touchdown mate Buddy Clark had been sidlined with an ankle injury early in the first period, the big fullback personally took charge as he ripped to five touchdowns and passed to end Joe Whitfield for the other.

An alert Celina line setup the first touchdown in the opening minutes of play as Whitfield and Jim Crim poured through to black a punt with Crim falling on the pigskin on the ten.

Clark carried to the one, then Penion roared through the middle of the line and into the end bone. Penion booted the extra point to take the score 8-0.

Celina added another in the first period as Penion hit up the middle on the identical play and shook loose for 33 yards.

The rampaging Bobcats added two more in the second and two more early in the third before Coach Buddy Smith mercifully unloaded the benches letting the subs play out the remainder of the game.

The first score in the second came on a neat 44-yard completion from Penion to Whitfield, while Penion added the second on a 30-yard gallop.

The Bobcats wasted little time in the third as they scored the first two times they had possession of the ball. Penion went 12-yards for the first and 23 for the second. End Kenneth Boren kicked both extra points.

The Bobcats subs more than held their own with the Prosper crew as they stopped their attack cold. Prosper made only two first downs and failed to penetrate the Celina 20-yard line all night.

Defensively for Celina the forward wall of Crim, Whitfield and Bud Phillips completely outcharged their opponents.

For Prosper half-pint Duane Cashion was the chief threat in their sputtering defense, while Jerry Edwards and Carl Duncan were standouts defensively.

Lone Oak Wins Over Blue Ridge 58-32

The hot-and-cold Blue Ridge Tigers fared cold Thursday night in Blue Ridge as they fell before Lone Oak's terrific touchdown combination of Bobby Chapman and Bobby Harp, 58-32 in a high-scoring District 14 Six-man game.

A deadly overhead game with Chapman doing the chunking, combined with a smooth-functioning ground attack sent nine touchdowns streaming across the double-stripes and kept Lone Oak in the lead all the way after coming from behind in the first period.

Harp scored five of the scores, three on passes from Chapman, while Chapman accounted for the other four.

James Todd got the home town crew off to a good start as he scored on a 25-yard end sweep and then made the extra point.

Loan Oak scored three before Orden Laughmiller raced 30 yards for another Blue Ridge score.

The visitors held a 31-14 margin at halftime.

Blue Ridge scored first in the third as Laughmiller broke loose for a 35-yard run.

In the fourth period Kenneth Cantrell took the spotlight for the Tigers as he shook loose on two 65-yard scoring sprints.

Laughmiller, Cantrell and Todd were standouts offensively for the losers while James White and Jackie Garner were tough defensively.

Clemmons Stars As Wylie Wins By Score 27-0

Wayne Clemmons passed and ran Wylie to a 27-0 win over Hurst-Euless at Wylie Friday night in a non district game.

Clemmons passed twice to his brother, Russell Clemmons, on throws of 15 and 30 yards and ran for 20 and 50 yards to account directly in all the Wylie scoring. Sonny Hensley added three of the four extra points.

Junior High Trims Greenville By Score 41-0

By NORMAN SCOTT

Coach Scott Johnson's McKinney Junior High eleven continued their winning ways as they chalked up a decisive 41-0 victory over Greenville Junior High at Philips Field in Greenville Tuesday night.

The local lads completely dominated play as they rolled to their sixth straight victory without defeat.

Fullback Robert Gracy scored 2 touchdowns on runs of 22 and 5 yards while halfbacks Tommy Crutcher and Paul Wayne Odle accounted for 6-pointers as they went 8 and 4 yards, respectively. The other 2 markers were the result of a 30-yard pass play from quarterback Jerry Kruse to end Dickerson and a 15-yard aerial from Kruse to end Buddy Odle.

McKinney held a comfortable 21-0 at the intermission, and increased their lead to 27-0 at the end of the third period. They put 14 more points on the scoreboard in the final stanza to complete the scoring.

Community Runs Over Westminster By Score 58-24

Community may have escaped the dubious honor of being the cellar team in the District 14 six-man standings as the whalloped Westminster, 58-24, Thursday night in Community.

It was the first win for Community and the sixth straight loss for the hapless Trojans.

Community, displaying their most effective offensive burst of the season, jumped into an early lead and were never headed. The home town crew lead by a 32-12 margin at intermission.

End Buddy Beady was once more the standout for the Trojans as he scored two of the four touchdowns. He scored one on a 60-yard pass play from Ken Turner and the other on a 50-yard end around.

Turner, who took over in place of ace back H. G. Griffin, who dropped from the squad, returned a kickoff 60 yards, and back Leo Geer sprinted 65 yards for the other Westminster tally.

Coach Charles Thompson, who is having to start a rebuilding program was pleased with the showings of some of his young cohorts He cited Turner West, Tex Monk, Jerry Ingram and Beady for their defensive play.

Outstanding offensively were Turner, Beady and Auther Hood, who grabbed several passes during the fray.

DHI Testing and Recordkeeping Improve Dairy Heards:

Dairy heard improvement association have been operating in Texas since 1927 and have done much to improve both milk and butterfat production in the heard which have participated.

In 1937, 2,171 cows were tested and the average production per cow was 5,509 pounds of milk and 267 pounds of butterfat. The 1954 figures showed 9,963 cows on test with production averages of 7,260 pounds of milk and 315 pounds of butterfat. An increase of 7,792 cows on test but more important was the increase of 1,751 pounds per cow in milk production and the 48 pound increase in butterfat.

The average production for all cows milked in Texas stands at the low figure of 3,400 pounds of milk and 140 pounds of butterfat, says dairymen.

The oldest association from the standpoint of continuous operation is the Hopkins County group which was organized in October 1936. It has grown from 92 cows to 462 cows; milk production has increased, 1,189 pounds per cow and butterfat by 67 pounds per cow.

W. D. Lemon was a charter member of the association and his heard has been tested every month during the 19-year period. His beginning heard numbered 14 cows and by the end of 1954 it stood at 61. Milk production per cow has been increased 1,662 pounds and now stands at 7,614 pounds while butterfat production has climbed from 298 to 395 pounds per cow for his herd.

The specialists cite three fundamental practices, made possible by DHIA records, as being responsible for this improvement. They are culling unprofitable cows, feeding the cows according to their production and selecting the best breeding stock. Records and testing make their production and selecting the best breeding stock. Records and testing make these practices possible, and the specialists urge producers who operate in areas where DHIA groups are active to take advantage of the services offered. DHIA membership dosen't cost it pays.

Farm Welding:

The farm welder has gained in importance. With all the equipment on our farms today, there is a big maintenance job to be taken care of. Even though we take the right care of our equipment, it's going to eventually wear out and need repairs because of undue strain such as hanging machinery on stumps, and the like. The welder can assist us in making these repairs at low cost as well as give us a saving of time to get new parts. With a welder around the place, we can usually become a more efficient operator too, because with a welder, the most of us utilize our scrap metal pile and build many pieces of labor saving equipment to fit our needs and make our work easier.

More and more farmers each year are buying welding machines as a necessary unit of farm machinery.

Winter Squah Offers Variety.

Squash — both summer and winter varieties — are plentiful on the markets now. Squash is a good selection for a yellow vegetable which we need every day . . . The yellow flesh is a good source of vitamin A.

There are several varieties of hard shelled squash with yellow flesh. The Acorn is perhaps the most familiar. It is small — dark green — shaped like an acorn. The Hubbard is much larger, with a rough dark green shell. It is now on the market but will be plentiful later on.

There are two varieties of squash which have turbans on top. One is called Turban. It grows large and is often sold by the piece. The Buttercup is smaller, has a dark green, smooth skin with deep orange-colored flesh. it weighs three to five lbs.

Also available is the Butternut squash. A relative newcomer — it is a light yellow color, bell shaped with a round seed cavity in the base. It tapers to a small fairly long, straight neck.

Baked, plain or stuffed, winter squash will add variety and nutrition to your meals.

Clothes Dryers.

What about clothes dryers verses fresh air? It isn't often that a machine can out do nature, but in the case of the clothes dryer, it actually does.

Here's why — the heat of a dryer has some sterlizing properties. The tumbling action makes towels fluffier than the sun and wind. Unsightly clothes in marks are eliminated, and shower and dust storms are no menace. In short, clothes dryers work faster, cleaner, safer and are easier on the back.

Texas Agricultural Extension Service Personnel to Confer.

COLLEGE STATION, Oct. — The annual conference for all Agricultural Extension Service workers in Texas is set for October 31 through November 4. All sessions will be held on the campus of Texas A & M College, the land-grant college of Texas.

The conference will stress training in two major fields — program building and farm and home development. Every county extension agent and staff members will be a participant in one of the 30 groups set up to handle a particular part of the two major subjects.

Mrs. Lurline C. Daspit, Home Demonstration Agent for Collin County; Mr. Virgil L. Dahlberg, County Agent; and Mrs. Samuel Mann, Associate County Agent will attend the annual conference for the entire week of October 31 — November 4.

Only two general sessions — Monday and Friday mornings — are scheduled. The remainder of the time will be spent in the work groups and subject matter sessions.

Out-of-state speakers at the Monday morning session will be Claude Welch, National Cotton Council and Administrator C. M. Ferguson of the Federal Extension Service, Washington, D. C. D. B. Varner, vice-president of Michigan State College, along with Director G. G. Gibson of the Texas Service will be featured speakers at the Friday Morning session. Varner is a native Texas and graduate of A & M.

The program for the home demonstration agents and home economics staff members will be held on Wednesday and Thursday with the theme "Healthy Living." National and State leaders in many phases of health work will be speakers.

Time has been set aside for recreation. The annual party will be held on Monday night; Epsilom Sigma Phi banquet on Tuesday night; TSCW banquet on Wednesday night and the Joint Agents Association banquet on Thursday night.

Mrs. A. J. Grounds, of Durant, Okla., is spending this week with her mother, Mrs. Mattie Lowrey and family at Cottage Hill.

Celina Telephone Operator Has Perfect Record

MISS PEARL SPANN

When Miss Pearl Spann, Celina slipped and sprained her ankle 15 years ago, it looked like she would be off the job for awhile.

But she was a night operator at Southwestern Bell Telephone Company's office then, and she got her brother, Joe Spann, who lives with her at 501 Fifth Street in Celina, to take her to work in an automobile.

And because Miss Spann continued to work despite her injury, today (October 27) she has 39 years and almost four months of perfect attendance on the job, the longest perfect telephone employment record in Texas, telephone officials believe.

"Pearl is extremely loyal to Southwestern Bell, and obviously has a high regard for our policies and practices," said Mrs. Ada N. Mann, Celina chief operator both now and when Miss Spann began work December 28, 1920, as a student operator.

"I started to work to help support my parents," Miss Spann added, "and I wanted to make good as a telephone operator. As my length of service grew, I felt my being there — every day — was an absolute 'must' for giving good service to telephone users."

Actually, Miss Span would have 35 years' perfect attendance if an illness had not temporarily sidelined her from mid-June to July 15, 1926. "Since then I've never missed a day, although that ankle sprain came pretty close to doing it," she said.

A native of Celina, Miss Spann attended Celina elementary and high schools. Unlike many telephone employees, she has spent her entire Bell System career in one place — Celina — and has also served in the capacity of senior operator.

"When Miss Spann started work in 1920, about 1,200 local calls and about 65 long distance calls were placed in Celina," P. V. Brazile, telephone manager, said. "Today, almost four times as many local calls and twice as many long distance calls are made in Celina daily."

Miss Spann, who has two sisters Mrs. Jessie Opal Yarbrough, telephone evening chief operator and Mrs. Tom Odell, besides her brother living in Celina, says, "I'm in perfect health now. As far as I can see, I will have perfect attendance from now until I retire from active telephone service."

Airman Howard To Serve In Philippines

Airman Third Class Hollie E. Howard, nephew of James J. Montgomery, Route 2, Blue Ridge, has arrived in the Philipines to serve as a tour of duty with the U. S. Thirteenth Air Force.

Now stationed at Clark Air Force Base, located 60 miles north of Manila, he has assumed communications technician duties for the 14th Communications Syuadron, 6200th Air Base Wing.

Airman Howard was graduated from Blue Ridge High School in May 1954. Joining the service early this year, he completed a communications school at Warren AFB Wyo., prior to his assignment overseas.

Mrs. Hoard Modernizes E. La. Street Buildings

Mrs. Eugene Hoard has completed the repair on her buildings located on East Louisiana Street which was recently badly damaged by fire. A new roof has been placed on the building, with new ceiling, plastered walls, and redecorated throughout. The two buildinfs have been thrown together by an archway. The new improvements have modernized the building, which is just like new.

The Bob Dale Appliances will occupy the store.

LETTERS FROM . . . THE PEOPLE

To The Daily Courier-Gazette:

A radical Senator was warned against vicious legislation in the 70's and he said "I don't care what happens just so it dosen't happen to me." The Democratic party won in 1932 upon its promises to cut government cost 25 per cent, state rights, free enterprise, preparedness and be guided by Jefferson's maxin, equal rights to all; special privileges to none. What promises did it keep except repeal of prohibition? If it had kept its promises it could have paid our national debt in four years, and by 1940 it could have had our defenses so strong that no nation would dare attack us, and be free from public debt. It did well for two years and then let the Reds write into our statute the Wagner Labor Law with its Communist clause, which said: Nothing in this act shall interfere with the right to strike, that is, it meant that nothing in said act shall interfere with the right of the labor unions to intimidate worker and industries by threats of strikes and violence. That largely influenced Hitler to start war on us, for he thought millions of labor unions would aid him more here by strikes than if they were in his army. We had over 20,000 strikes involving over 10,000,000 strikers during the war. H. C. Butcher, Ike's aid, says in his book page 688 Oct. 20, 1944: "From Ike's conference up front, he found that the one thing worrying everybody was the shortage of artillery ammunition. He cabled Gen. Marshall to hurry suplies within 90 days, but Hitler counterattacked within 60 days and our army suffered over 60,000 casualties. The Reds, Labor dictators and NAACP seem determined to enslave labor and industries, rob Texas of her Tidelands which has yielded to Texas to date over $57,000,000, and to have the Federal Union to take control of state schools, and dictate the associates of white children during school hours and school years. And no doubt the FEPC and interracial marriages will follow. As segregation was not an issue in the 1952 election. Eisenhower could have delayed segregation suit and been re-elected easily. The Democrats and Whigs offered a compromise in 1860-61 to write the Missouri Compromise into the Constitution which would have stopped the spread of slavery every where in the United States except, Indian Territory, New Mexico and Arizona, as the spread of slavery in the United States be stopped, that compromise would have stopped the spread in 900,000 square-miles, that would aid the Republicans to stop the spread of slavery, but the Republicans refused the compromise and the South made the mistake of seceding and the war came. They were beligerents as per international law and not traitors. Bills were introduced in every congress for a few days armistice to see if the Union could be saved without further bloodshed. But the Republican regime refused.

The war could have been ended in a year if the Republicans had agreed with international law and the European countries that the Southerners were belligerents fighting for what they thought were their rights as they wanted slavery settled by the Constitution and not by war.

President Garfield said the war could have been ended in a half hour if it had been left to the soldiers of both sides. Finally Lee asked Grant what were his terms of surrender. He replied that the army should lay down its arms and not take them up again during the war. Lee agreed, and told Grant many of his soldiers owned their mounts and that his men had been living for some days on parched corn exclusively and were hungry. Grant said the soldiers could keep their mounts to make a crop and he ordered several thousand rations to feed said soldiers. He also ordered his soldiers to not fire any salute or cheer or do anything to increase the sadness of the brave soldiers that were now their prisoners of war. Grant in the glory of victory was truly magnanimous and Lee in the gloom of defeat was still sublime. He told his soldiers to go home and make worthy citizens. And no soldiers have ever kept their parroles more faithfully than they. But a radical Congress, in violation of the surrender terms, the Constitution, international law, and amnesty written by Lincoln and signed by Johnson, which international law says buries all the past in oblivion and is unrevokable, but Congress imposed on them a military despotism.

Debts at the close of the War of the 11 seceded states was $67-039,962, and in January 1872 it was $362,480,575, no payment improvement to show for it. Finally the disabilities of the South were removed, and she became the angel of her own resurection. Fraterity and unity grew until the 1940's when Communism raised its serpent head and had the Democrats to give them the FEPC, and promised to have poll-tax law repealed, and have the Taft-Hartly law repealed, though it aided Eisenhower to stop unjust strikes, and to rob Texas of her tidelands, and Texans had to vote for Eisenhower to have their tidelands which enabled Texas to reap $57,-076,760, which would have been lost forever if they had voted for the Democratic nominee.

The leaders of the New Deal or left wing Democrats now threaten to deny Democrats to enter Democratic conventions unless they promise to swallow whatever nominee and platform that the leftwingers select.

When the top conference general at Ft. Donelson decided to surrender the fort, General Forrest objected and said "I have examined the ground and I know we can retreat safely. The top general said "I'm going to surrender the fort. General Forrest arose and said: "You will not surrender me and my command by a sight. He carried his 5000 men out. There may be a half-million Democrats in Texas that will refuse to be surrendered to The Reds, etc.

Program Presented.

The program arranged for by the Agriculture committee, C. J. Young chairman, was brought by members of two local groups, The Collin County Soil Conservation District, and by the local group of men from the U. S. Department of Agriculture. J. M. Norton introduced John D. Wells, of Plano, the chairman of the Collin County soil Conservation District, who stressed the necessity for proper soil Conservation District ,who stressed the necessity for proper soil conservation with some pertinent statements from current reports.

◆ ◆ ◆

Demonstrations Given.

Mr. Wells was followed by W. R. Elder of Temple, who gave practical demonstrations of various types of soil resulting from different types of use. One demonstration showed how "cover" will prevent erosion of the soil, and another showed how soil holds moisture or dosen't depend on what and how long the soil had been under cultivation. It was pointed out that only thirteen percent of the population of the U. S. are classed as agriculturists and are responsible for all agriculture products that we consume.

Announcement was made that there will be a directors meeting after the regular meeting next Thursday November 3rd. It will be a chance to make up a missed meeting and also some important business is to be taken care of at that time.

"Safe Driving Day" Designated By Governor

AUSTIN, Tex. (INS). — Gov. Allan Shivers today officialls designated Dec. 1 as "Safe Driving Day" in Texas with the plea: "Let's not kill or hurt ourselves or anybody else for the next 40 days."

The governor and S. Ross Carr, State Driving Day Director, have asked the sheriffs of every county and the chief of police of the more populous cities to serve as local driving day directors.

The campaign for safer driving is sponsored by President Eisenhower's committee for traffic safety and begins formally Nov. 1. Activity will be intensified from Nov. 21 — S. D. Day minus 10 — through Dec 11 — S. D. Day plus 10.

A tally of death throughout the nation will be kept during this three-week period to measure the campaign's effectiveness. This will show each state how it stands in comparison to others.

"If we just concentrate for 40 days upon driving and walking as we should, I know we'll prove to ourselves that we can do it the year around," Gov Shivers said.

"Let's stop killing our people, and making cripples of them, when just a little carefullness can keep them alive and sound."

RESOLUTION

The following resolutions were passed at the Collin County Farm Bureau Annual County Convention held Tuesday night, October 25, 1955, in the County Court Room McKinney, Texas.

We recommend that the Collin County Farm Bureau, the Texas Farm Bureau and the American Farm Bureau seek legislation to exempt the 2 cents per gallon (and any future increases) Federal gasoline tax for all Farm non-highway use.

We recommend that the State of Texas be divided into five Agricultural Stabilization & Conservation Districts. That the STATE ASC committeemen be elected by the farmers, one committeeman for each district and that three be elected for one year and two be elected for two-year terms. The even number district hold elections on even years and the odd number districts hold election on odd years.

We recommend that the State of Texas set up a water development program, and we further recomthat this program be paid for with a water users tax. We also recommend that there be a water board set up and that this board should be elected by the people in the water districts who are paying for the water development program.

We recommend that the Collin County Farm Bureau and Texas Farm Bureau seek lgislation changing the present form pick-up registrtion law. We believe that a farmer should be able to use his farm truck for all his private farm purposes and that he should be able to drive it anywhere he likes as long as he is using it in connection with his own operations including business and pleasure that he not be required to register his vehicle as a commercial vehicle.

We recomend that the Collin County Farm Bureau reaffirm their stand and oppose any diversion of the 5 cents per gallon State Gasoline Tax refund for non-highway use.

We recommend that the Collin County and Texas Farm Bureau oppose any attempt to repeal the right to work law of the State of Texas.

We recommend that the Collin County Farm Bureau do all in its power to get a new feed control bill passed in the Texas Legislature. This bill should protect the consumer as well as the manufacturer. We urge that each member of the Collin County Farm Bureau write and personally contact our State Representative and State Senator urging them to support this legislation.

We recommend that the County, State, and National Farm Bureau promote legislation that would enable independent truckers to trip lease without the I. C. C. regulations.

We recommend that legislation be passed whereby all scales used for weighing cotton for purpose of purchase or sale, must be equipped with a stamping device where the weight will automatically be recorded on a ticket.

We commend the Federal Government on its experiment "DEEP FREEZE" and recommend future expansion of this experiment.

We recommend that as a major project next year that the Collin County Farm Bureau investigate the rural telephone situation in each community. In those communities where improvements need to be made, we recommend that the County Farm Bureau use all its available forces in promoting improvements.

We commend Radio Station KMAE for its good service to Farmers in 1955. This station carries the 15 minute Texas Farm Bureau Round-Up program each Friday at noon as a public service program. We also commend the county newspapers in the county that have in 1955 carried all worthy Agricultural news.

Be it resolved that the Collin County Farm Bureau go on record favoring keeping the V.A. ospital in McKinney. Also that this organization appoint a committee to guide us and work with other interested groups on this project.

We recommend that we reaffirm our previous stand opposing socialized medicine and the principals for which it stands.

We recommend that the regulations for setting up grades of cotton be amended to include a split grade for loan purposes, setting a value between spot cotton and light spot cotton; gray and light gray; and strict low middling and strict low middling plus also middling and middling plus.

We recommend that the qualifications of Smith Doxey Cotton classers be revised and set sufficiently high to provide competent graders who can and will accurately class the FARMER'S COTTON CROP.

We recommend that the cotton allotment reserves not exceed 1 percent on a National level; 2 per cent on the State level, and 3 percent on the County level. And that before the last safe planting date the ASC committee shall issue all reserves to Farmers.

We recommend that the trend adjustment be opposed as it has been applied by the State ASC committee in recent years.

At this time we understand that recently, but not officially as yet, the State ASC committee plans to return to central Texas the cotton acreage lost on trends last year. If this is so, Collin County would regain the 6,000 acres we lost last year. If this action becomes official, we believe the State ASC committee should be commended for their just action.

We recommend that the years 1951 and 1953 be used as the base period for establishing acreage allotments on all basic crops so long as controlled planting is required by law; further, that this period of history be used for State and County allotments.

We recommend that the persent system, wherby each county ASC office has the right to determine what method allotments are distributed to each farm be continued.

The Collin County Farm Bureau reaffirms its present policy, whereby we favor allotments distributed to farms in Collin County on a tillable acreage basis.

We recommend that the parity on Basis crops be 90 per cent or more in 1956. We favor the Soil Fertility Bank idea for 1956.

(a) We favor rotation of the Fertility Bank land each year.

(b) We favor no grazing, haying, or harvesting on the Fertility Bank Land.

(c) We are not in favor of a government subsidy on this land.

We recommend that the parity on non-basic crops be 90 per cent or more in 1956 with no allotments on non-basis crops through 1956 We believe that crop allotments in 1956 should not be reduced no more than 1 per cent for each 2 per cent added to surpluses in these commodities in 1955.

We recommend that in 1956 the tillable acres on each farm should be measured and recorded with the ASC office. Also that after 1956 these would become the new tillable acre basis on each farm.

We recommend that Collin County Commissioners Court appropriate $3,000 each year as the Couty share of necessary funds needed to hire as assistant County Agent and an Assistant Home Demostration Agent. The extension service at this time has their share of these funds available. The primary purposes of Assistant Agents would be to carry on a first class 4-H program in Collin County; thus relieving the County Agent and Home Demonstration Agents to carry out adult education and demonstration work.

We recommend that the Collin County and the Texas Farm Bureau promote legislation that would be provisions that each driver of a vehicle if driving while intoxicated be given a chemical test to determine concentration of alcohol in the blood. Also that the results of this test would be admitted as eveidence in a court of law.

We recommend that at least 45 days prior to the earliest planting date of any alloted crop, a farmer be given written notice of the amount of his allotment.

We recommend that the Collin County voting delegates to the State Convention and our State director be furnished with copies of our adopted resolutions.

We recommend that the old parity formula be used in 1956.

Whereas, Brother T. W. Sisterson, who for many years has been one of the leading spirits in promoting the work of our brotherhood in District 15, and in the State of Texas, serving as pastor in Terrell, Bonham, University Church, Austin and First Church, McKinney, Texas, and in addition to his pastoral leadership has served as President of District 15, has been in, for and behind every movement of church entension and development in the District;

And whereas, he was a beloved pastor in whom both youth and age could turn and find a friend and a Christian leader whose evangelistic passion and missionary zeal were unexcelled;

And whereas, he was an ecumenical Christian who was in love with life and took it on the tip-toe of expectancy to the very end:

And whereas, his leadership and counsel will be greatly missed in this and future conventions;

Therefore, be is resolved by this convention that we memorialize our beloved Bill Sisterson as a prince among men and a devoted servant of the Lord, and be it further resolved that a copy of these resolutions be spread on the minutes of this convention and a copy be sent to his family, the daily newspaper of McKinney and a copy to the Christian Courier.

FRIGHTEN

LOS ANGELES (INS)—A noted Chicago psychologist, worried about the upbringing of future generations, believes that Americans are a "generation of frightened people" Dr. Rudolf Dreikurs, a professor at the Chicago Medical School, said in Los Angeles: "As we emerge from a fear-ridden autocratic society, we are still too fearful to respond to the freedom and demands of a democratic society.

SCOTCH PROBLEM

LONDON (INS)—Scotch whiskey distillers are seriously worried about Britain' recent long, dry summer. An official of the Scotch Whiskey Association said that seven years from now there will probably be a shortage of good Scotch because the dry weather has caused a drying up of the Speyside burns (brooks.) The burn water is used in making Scotch.

George T. Stevens Is Distinguished Student At A&M

Fifty-eight army ROTC cadets at Texas A. and M. College have been designated as distinguished military science and tactics, has announced.

"From the military point of view," Col Anderson said, "no greater honor can be bestowed upon an Agie cadet. Such an honor indicates the cadet is outstanding in practically everything he does."

The designation as a distinguished military student makes it possible for a student to accept a regular army commission and serve his country as a professional soldier.

Listed among the distinguished military students is George T. Stevens of McKinney. He is the son of Mr. and Mrs. Cecil Stevens of this city.

Paul Holmes, A & M Student, was home for the week-end.

Lester Myrick, of Blue Ridge, underwent surgery in the City-County Hospital Monday. He is getting along nicely.

Miss Griffis is a graduate of Boyd High School and attended North Texas State College in Denton. Prior to joining the foreign service she was employed by the Department of the Navy in Dallas.

Miss Griffis first became interested in the foreign service when Department of State representatives visited in this area last year. Once again personnel officers are seeking young men and women who desire employment with the Department of State either in Washington, D. C. or one of the 265 posts abroad.

Candidates for position in Washington, D. C., must be at least 18 years of age have a knowledge of typing and-or shorthand. Persons interested in a two or three year tour abroad must be between 21 and 35 years of age, single and have no dependents, in excellent health, American citizens, and qualify for the position of secretary, typist, clerk or communication clerk.

Interested persons should contact the department's representatives at the Texas State Employment Service, 1326 Jackson Street, between 9:00 a. m. and 5:00 p. m. beginning Monday, October 24 through November 4, 1955.

Dr. and Mrs. Charles Bloss, of Dallas, spent Monday in McKinney visiting his mother, Mrs. R. S. Bloss, a patient in the City-County Hospital.

Mrs. Neville Talkington and Mrs. McCarthy Dowell were luncheon guests of Mrs. Leah Loomis in Dallas, Friday.

MHS Seniors Try For National Scholarships

Seven outstanding seniors at Boyd High School competed in the new, multi-million dollar National Merit Scholarship Program, Principal Earl Slaughter announced today. These high ranking local students are aming at some 350 four-year college scholarships that can carry up to full tuition and living expenses, depending upon the financial need of each winner. Winners will be chosen on the basis of their ability to profit from a higher education.

Bill Boyd, Newton Burkett Jr., John Hooper, Bob Odle, Dickey Price, Mary Speck and Beverly Young were the seniors named to take the preliminary screening test given yesterday as the first step. The competition is open to all secondary schools, and is the largest program of its kind.

The scholarship program is conducted by the National Merit Scholarship Corporation, an independent, non-profit educational organization set up by grants of $20, 5000,000. Aimed at the discovering and helping the most talented students in the country, the Merit Program permits the winners, known as Merit Scholars, to choose any acredited college or university and any course of study.

Some 800 runners-up in the competition will be awarded Certificates of Merit, and their names will be announced to all colleges and other scholarship agencies as students of unusual ability.

Colleges chosen by the Merit Scholars will receive "scholarships" too, for the Merit Program also helps the undergraduate colleges. In return for educating the Merit Scholar, the college can receive a grant of up to $3,000.

The National Merit Scholarship Corporation offers its facilities and services without charge to organizations and individuals interested in offering scholarships and conforming to its standards. Such scholarships will bear the name of the sponsoring company.

Mrs. U. S. Sanders returned this week-end from Plano where She visited her daughter Mrs Thurman Henderson, and family last week.

Clyde Ray Alexander, student at Texas Tech, Lubbock, spent the week-end here with his parents, Mr. and Mrs. Hubert Alexander and sister, Lonita Alexander.

M'Kinney Lions Club Has Gala Ladies' Night

Wives and sweethearts of the Lions Club members shared honors with two charter members at the 35th Ladies' Night Annual Banquet held Thursday evening at 7 o'clock in the Fellowship Hall of the First Christian Church. More than 170 members and guests were present for the enjoyable entertainment.

In keeping with the festive occasion, the long tables in the banquat hall were decorated with mounds of bronzed leaves, chrysthemums grapes, and other seasonal flowers and fruits.

◆ ◆ ◆

Banquet Served.

The ladies of the First Christian Church served a delectable turkey dinner with all the trimmings, including pumpkin pie for dessert.

The invocation was given by Lion Pat Simpson.

President J. M. Whisenant served as master of ceremonies presenting first the recently reorganized Lion Quartet which sang a melody of "Old Favorites." These included "When You and I Were Young Maggie," "In the Gloamin'" and "Just a Song at Twilight". Members of the quartet are Lions Garner Jones, Bob Bryan, Bill Landers and Joe Snapp, with T. E. Wyatt as accompanist. Wyatt also sang the tenor part for Lion Jones, who was unable to sing at this time.

◆ ◆ ◆

Welcomed By President.

The guesis were welcomed by President Whisenant, including Deputy District Governor Roy Perry and wife of Lewisville: District Governor Bob Bass and wife, of Athen; Tom C. Wolfe of Oklahoma City; and Mr. and Mrs. W. W. Davis from the Plano Lions Club, as well as the ladies present.

◆ ◆ ◆

Charter Members Honored.

Lions Clifton Dowell and A. M. Wolford were the two charter members honored, both of whom responded with short but witty remarks. Both are also former members of the club. Lion Wolford was then asked to present the past president of the club who are still members, as follows: Judge W. C. Dowdy, Ira Anderson, C. H. Ray, Elton Riggs, Lovejoy Comegys, W. G. Proctor, Dr. C. J. Hicks Sr., Phil Wolford, Wre Sutherland, Dr. Julius Smith, George James, Frank W. Smith, Dr. Chas. McKissick, J. Wilbur Thompson and Murdock Cooper. In his remarks, Lion Wolford attributed the growth and progress of the McKinney club to these men.

The tribute to the wives was very cleverly given by Lion Paul Worden.

◆ ◆ ◆

Attendance Awards.

The attendance awards were given by District Governor Bass, who very humorously presented them to the following members:

Ten year members — Garner Jones, R. F. Newsome, L. L. Perkins, Pat Simpson, Jeff Woods, W. C. Hagy, Rev. H. C. Hoy, R. M. Davis, Voyn Fagg, Wre Sutherland, Leonard L. Bradeson.

Fifteen year members — J. T. Rollins.

Twenty-year members — Issac Crouch.

Twenty-five year members — Elton Riggs.

Thirty-five year members — A. M. Wolford and Clifton Dowell.

◆ ◆ ◆

Guest Speaker Introduced.

The program for the evening was highlighted by an address by Jeff Williams, of Chickasha, Okla. who was presented by Lion Ernest Lawrence. In his introduction, he declared the speaker as "the greatest genius of wit and humor since Will Rogers." Mr. Williams is a native Texas, born in Denison. He is famed internationally for his philosophy of life and good humor which are portrayed in his speeches. He has appeared before audiences in every state of the union and several foreign countries.

This was Williams' second address to a McKinney audience, having appeared as principal speaker before a Chamber of Commerce banquet several years ago.

◆ ◆ ◆

Stresses Faith in Philosophy.

He gained new laurels for himself upon this occasion, as he kept his hearers laughing from the time he opened his address to its finish, an hour later. His anecdotes and wit were interspersed at times with more serious statements including his philosophy of life in which "Faith" was stressed. He gave a definition for good citizenship, again bringing in the necessity of faith in God. He dealt with friendship stating that "you cannot purchase the friendship of the world and you can not buy the friendship of a friend."

◆ ◆ ◆

Says "World Is Alright".

Having discussed "World affairs" in many of his speeches, he stated "The world is all right. The trouble is with the people. Too many of the good are not able, and too many of the able are not good." At this point he quoted the world-famous Billy Graham who said "we must cure the ills of mankind before we can cure the ills of the world."

The speaker stated that the future destiny of civilization lies in the mental attitude of our children in which he especially talked to the parents to instill correct ideas in the minds of the young people of America."

Though the address was a collection of jokes and wit the speaker left his hearers with the feeling of having received a wonderful message, with suggestions for living, loving and enjoying life to the fullest if faith is always prevalent.

Bicycle Winners At Carnival Are Announced

In announcing the winer of the bicycles, that were given away at the Lions Club Carnival here Monday night, the door prizes and costume committee expresses appreciation to all business concerns and people who cooperated and worked to make this part of the carnival a success. Members of the committee are Wilbur Thompson, Elton Riggs, C. E. Melton, James Redden and Dean Bennett.

◆ ◆ ◆

Two Bike Winners.

The winners in the boys' bicycle contest was Ronnie Thomason, son of Mr. and Mrs. Glenn Thomason, 906 West Hunt Street, this city. He is a student in the first grade at West Ward school.

The lucky girl winer was Brenda Kay Odle, daughter of Mr. and Mrs. Robert L. Odle, 1303 North College Street, McKinney. Brenda Kay is in the fourth grade at J. L. Greer (North) Ward School.

◆ ◆ ◆

Costume Contest.

Judges for the costumes did a wonderful job in a difficult situation, to make a selection, due to the many clever costumes. Decisions of the judges were based on the cleverest costume that carried out the theme of Halloween. This This committee of judges was composed of Mrs. Bob Clark, Mrs. Ernest Lawrence and Mrs. J. P. Derryberry.

The bicycles were donated to the carnival by Johnson Furniture Company, C. P. Horn Appliance, Western Auto and Phil Wolford's Man's Shop.

Anniversary Of En Avants Is Celebrated

A re-uniting of former En Avant, with the club members was enjoyed at the 20th anniversary tea of the club held Friday, October 21, in the home of Mrs. Hubert White. Mrs. Hansford Ray was cohosesss for the delightful meeting.

The White home was adorned throughout with bouquets of pink sweetheart roses and carnations, carrying out the club colors of pink and green.

The dining table, where refreshments were served, was covered in a handmade cloth over green. Pink rosebuds centered the table, with green tapers in crystal holdrs on the sides. The club president Mrs. J. C. Stewart, poured tea from the silver service, while a beautiful dessert was served by Mrs. Malcolm Wilson. Finger sandwiches, in pink and green, and salted nuts were also served.

Mrs. Stewart welcomed the members and guests after which she turned the meeting over to the historian, Mrs. J. T. Rollins, who read the "first five years" history of the En Avant club. Her notes, taken from the minutes of the "first" meetings, were clever and highly enjoyed, as these memories were unfolded. It will be rememberd that the club was organized in 1935 in the home of Mrs. Virgil L. Hines, with Mrs. Shirley Taylor as the first president.

Former members who were present for the anniversary party were Mrs. A. A. Alexander, Mrs. Virgil Hines, Mrs. J. S. McMurray, and Mrs. O. Ford, all of Dallas; Mrs. J. W. Alexander of Van Alstyne; Mrs. W. T. McCasland of Garland; Mrs. Phil Wolford and Mrs. Virgil Stogdill of this city.
